## BMWED Sisters Represent Rail Division at Teamsters Women's Conference

Back Row - Lori Teniente (BMWED), Sarah Morton (BMWED), Megan Mead (BLET) Front row - Bernadette Murphy (BMWED), Rhonda Thompson (BMWED), Audra Smith (BLET), Darice Gilliam (BLET), Tileen Sullivan (BMWED), Julia Maddox (BMWED)

he BMWED is proud to have several Sisters present at this year's Teamsters Women's Conference representing the Teamsters Rail Conference. The Teamsters Rail Conference consists of over 70,000 rail employees comprised of locomotive engineers, train crew, and maintenance of way workers nationwide.

The 2024 Women's Conference saw Teamsters from across North America come together to attend workshops and sessions focused on women's history, empowerment, and representation in the workplace. Over 1,500 attendees participated in various workshops on organizing, leadership, and advocacy. Hands on projects such as updating playground equipment and making repairs at a local school in San Juan highlighted the conference's commitment to solidarity and community support.

Sisters from the Rail Conference gave a presentation that introduced the various rail crafts and highlighted the challenges that women face by working in the rail industry.

"It was incredibly inspiring to have so many strong Teamster women gathered at the Women's Conference," said BMWED Sister, Bernadette Murphy. "We were proud to be able to present on behalf of the women of the Rail Conference for the very first time this year. The solidarity and support I experienced has fueled my passion to continue to be a strong union advocate for my fellow Brothers and Sisters on the tracks."

The Teamster Sisters left the conference armed with information and tools to better serve their local lodges and fellow railroad Brothers and Sisters.

## FIRST BMWED ARMED FORCES COUNCIL VETERAN PRIORITY PARKING SIGN INSTALLED

Red Lake Falls, Minn. business owner Rusty Remick has taken the heartfelt step to honor military veterans by installing the first BMWED Armed Forces Council Veteran Priority Parking sign at his local establishment, Sparkey's 218 Grill.

The installation was done in partnership with BMWED Brother Jared Rinkenberger of Burlington Northern System Federation Local Lodge 0364.

Brother Jared's father and father in-law are both proud United States Military Veterans. This small gesture reflects Rusty and Sparkey 218 Grill's deep appreciation for the brave men and women who have served our country and also reinforces its commitment to supporting the local community. The BMWED AFC is proud to be a part of this initiative.

Joseph Steffan is a 23-year member of the BMWED Allied Federation Local Lodge 0450. Brother Steffan is an employee at Union Pacific Railroad where he holds the position of Equipment Operator.

Brother Steffan has honorably served in the Missouri National Guard for over 20 years and continues to serve proudly today. After completing high school, Brother Steffan saw the National Guard as a valuable opportunity for career advancement and a chance to serve his state and country, following in the footsteps of his father.

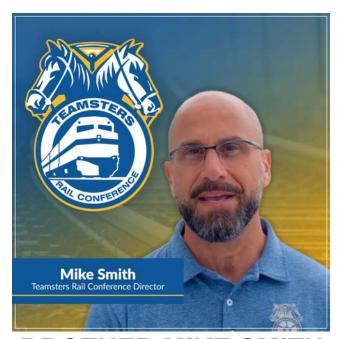

Thank you for your service, Brother Steffan!

# BROTHER MIKE SMITH IS THE NEW DIRECTOR OF THE TEAMSTERS RAIL CONFERENCE

n 2015, Smith was elected the Principal Officer/
President of IBT Local 810 IBT in Long Island City,
New York, and in 2022 he began his work for the
IBT as an International Representative on behalf
of General President Sean O'Brien, who officially announced his appointment as Director of the Teamsters
Rail Conference today.

The Teamsters Rail Conference represents more than 70,000 rail employees in the United States who work as locomotive engineers, trainmen and maintenance of way workers on the five major freight railroads, Amtrak and numerous commuter rail systems and short lines. The Conference was formed in early 2004 after the merger of the Brotherhood of Locomotive Engineers and added to in 2005 when the Brotherhood of Maintenance of Way Employes merged with the Teamsters. The BMWED looks forward to working alongside Brother Smith in advancing the interests of Teamster railroaders and welcome him to his new appointment.

ohn Clancy and Chris Horton were in the truck, waiting at a stoplight, about to hop on Interstate 95 and head to the worksite when they witnessed a terrible accident.

The two Amtrak B&B workers, members of BMWED United Passenger Rail Federation, had just left the Holiday Inn where they were staying, when a teenager speeding down the road on an unlit dirtbike, slammed into a car turning left at the light.

"It all happened right in front of us," Brother Clancy, an eight-year member of UPRF Lodge 3039, said. "We heard a BOOM and saw his helmet roll down the road." Clancy and Horton sprang to action. There was little time to waste.

"He immediately had no pulse," Brother Clancy said. Someone asked if the hotel had an AED, and John quickly replied, "I have one right here in the truck." Retrieving the device, Brother Clancy shocked the victim, 15-year-old Lance Grainger, three times. Those shocks revived a heartbeat well before paramedics even arrived at the scene.

Despite the quick and heroic actions of our BMWED brothers, the young man did not survive his injuries and passed away three days later in a Maryland hospital. Brother Clancy spent some time as a volunteer with his local fire department "so I have a little first responder experience," he said. Both Brothers Clancy and Horton were able to safely get attention to the victim while also alerting traffic to the danger. They both deserve immense accolades for responding so quickly.

"We all commend the actions of our Brothers John and Chris for their selfless and courageous response to an unexpected emergency," UPRF General Chairman Anthony Sessa said. "Thank you both for your quick thinking and fearless efforts. Job well done, Brothers. You make all of us in the UPRF proud."

his month marked the second installment of the 2024 BMWED Learning Labs, hands-on training events offering Lodge Officers a chance to practice and develop skills they can use to add value and impact to their Local Lodge meetings.

BMWED members convened in Minneapolis to strengthen themselves through knowledge. Their initiative to attend is quite honestly the lifeblood of our Brotherhood.

"It's so important to get involved," said Brother Jesse Franco, Lodge 2419 Local Chairman. "There are many new guys that I think we need to reach and spread the word about just how important it is to be involved in the Union and how staying together in solidarity can help us all."

The BMWED Education Department, headed up by director Ash Anderson, has completely revamped the curriculum with an aim to inform, educate and cross-train local lodge officers or rank-and-file members with ambitions to become officers in their lodge or beyond.

Brother Anderson has set-up many online classes and seminars through platforms like Zoom, but acknowledges that the best programs are ones like these Learning Labs, where the members can come together in person and really develop close bonds and share ideas.

Brother Troy Durham from BurNor Local Lodge 249 agrees. "Everyone from the class really built a strong bond quickly and it was clear that these sorts of things are so helpful to fostering solidarity in our Brotherhood." (Read about Brother Troy's 1985 Cadillac and the effort by several of the Brothers in the class in repairing it on page 29).

Brother Bill Hanke, BSD Lodge 1214 President, attend the Learning Lab as the Brotherhood's biggest contributor to the Teamsters DRIVE political action committee.

"For me to be the biggest contributor to DRIVE is just something that I wanted to do," Brother Hanke said. "I know that I have a good job and it is only a good job because the Union makes it a good job."

Brother Hanke was unjustly put out on the street by BNSF four years ago for bogus reasons. After a long fight, the BMWED was able to get him reinstated with backpay.

"I know that my money is going to be put to good use," he said. "I do it because I know it will be beneficial to other generations coming up and I'm just trying to help."

There are two more scheduled BMWED Learning Labs upcoming this year, Sept. 17-19 in Philadelphia and Oct. 15-17 in Nashville.

Those members who wish to attend one of this year's Learning Labs should contact both their General Chairperson to apply or enroll, copying Ash Anderson, BMWED Director of Education, at <a href="mailto:education@bmwe.org">education@bmwe.org</a>. Please put "2024 Learning Lab Enrollment" in the subject line.

Atthistime, lodging, some meals, and a \$500 travel reimbursement will be provided by the BMWED National Division. Your System Division, Federation, or Local Lodge will be responsible for wage reimbursement, some meals, and other incidentals.

There will be a limit of forty (40) seats available for each event, so don't wait until the last minute to let your General Chairperson know you're interested. We'll be glad to see you at one of this year's Learning Labs!

On July 29th, Allied Federation Local Lodge #2425 held a meeting in Bay City, MI. Lodge #2425 is made up of BMWED Members on The Huron and Eastern Railway. The Huron and Eastern Railway (HESR) is a short-line railroad operating in Michigan, primarily serving the east-central part of the state and is owned by Genesee & Wyoming. It operates on approximately 394 miles of track. Allied Federation Vice Chairmen Wilson and Pogose were on hand to have discussions and field questions. Thank you, Brothers, for your active participation in our Brotherhood.

On June 27th, UPRF Local Lodge #2444 Brother and BMWED Arbitration Advocate. Chad Shorter, with the support of BMWED Director of Arbitration, Ross Glorioso, joined IUPAT Council 91's picket line in Vincennes, IN. Brother Shorter stood in solidarity with the International Union of Painters and Allied Trades in their ongoing two-month struggle against their employer, Gemtron. Gemtron has been engaging in bad faith bargaining with the union and are attempting to gut their pensions. The strikers have made it clear that they will not relent until Gemtron reopens negotiations. We extend our gratitude to Brother Shorter for standing with our fellow union brothers and sisters on behalf of the BMWED.

Great turnout at the United Passenger Rail Federation Local Lodge #3086 meeting. This strong lodge is comprised of Amtrak MOW employees in the Chicago area. UPRF Vice Chairman Lydell Owens was on hand to have discussions and field questions from the Brothers in attendance.

The BMWED would like to wish a happy retirement to Brother Ed Jennings! Brother Jennings had his final day at Missouri Pacific Railroad (U.P.) on June 4, 2024. A dedicated BMWED member of 34 years, Brother Jennings was presented with a plaque commemorating his tenured career by Allied Federation Vice Chairman Brian Thies during a Local Lodge #1025 meeting in Coffeyville, KS. Congratulations, Brother Jennings!

The BMWED extends its warmest wishes to Brother Mike Peterson for a happy and healthy retirement! Brother Mike completed his final day at CSX-T last week, marking the end of an impressive 48-year membership with BMWED. He served with dedication as the Secretary-Treasurer of Allied Federation Local Lodge #0993 out of Fredrick, MD for many years. Thank you, Brother Mike, for your exceptional service. Enjoy a long and well-deserved retirement!

This past June, BMWED Brothers and Sisters gathered to celebrate the career and retirement of Brother Tim Miller. Brother Miller is a 31-year member of United Passenger Rail Federation Local Lodge 3041. Brother Miller finished his career at Amtrak in the MAD-South Electric Traction Department. "Happy trails to one of the smartest, kindest gentleman on the railroad." Said Lodge President 3041, Brother Mike Dunn. The BMWED would like to wish Brother Miller a long and joyful retirement. Best wishes for this new chapter in your life!

Strong attendance at the Alliance System Federation Local Lodge 0891 meeting held on March 21st. Excellent to see so many members present. Vice Chairman Jesse Dewe was on hand to discuss ongoing matters and field questions.

Amtrak's best on their hand tools this Spring, getting it done the old fashioned way. These BMWED members were on a project in downtown Washington, D.C., ensuring that passengers in and out of the Nation's Capital made their way safely along the rails. Brotherhood strong!

The Burlington System Division, Burlington Northern System Federation and the Atchinson, Topeka & Santa Fe Frisco System Federation held a joint meeting in April welcoming around 40 new hires for districts 100-900 on BSNF. The meeting provided an opportunity for the new members to connect with their system officers and get an understanding of their rights as union members and the support systems available to them.

## BMWED PARTNERS WITH UNION FIRST TO PROVIDE E.A.P. SERVICES TO MEMBERSHIP

resident Tony Cardwell recently announced that the Brotherhood of Maintenance of Way Employees Division (BMWED) will be partnering with Union First to provide Employee Assistance Program (E.A.P.) services to union members and their families.

"Union First is going to give our members access to services they don't currently have," said Cardwell. "Additionally, they're going to provide advocacy services for members who take a leave of absence to get the care they need, protecting their job in the process. This is a win-win for us."

Union First is an EAP which provides job protection and behavioral health services to union members, public employees, and their family members. Whether you're struggling with alcoholism, depression, drug addiction or trauma, Union First and their team is available to make sure you get the services that you need.

Currently, Union First represents over 600 local unions, covering 300,000 union members. They have a 100 percent success rate. Everyone who has entered the Union First program has completed it and returned to work.

"I entered Union First's program over two years ago and I can honestly say that it has changed my life," said Rebecca S., a teacher from New Jersey. "My son and husband have also taken advantage of the program and, as a result, are both in recovery to this day."

"Union First was built to put a union member's job, health, and family first," said Jeffrey Meyer, the founder. "We're uncompromising and passionate about fighting to ensure that union members get the services and protection that they need."

Union First was founded in 2019 and has been steadily growing since.

Union members can access Union First's services by visiting their website - www.union-first.net or by calling 1-855-215-2023. Union First is available seven days a week online and via their hotline.

We're uncompromising and passionate...

BMWED members joined shoulder to shoulder with our BLE-T Brothers on the Indiana Harbor Belt this week to discuss matters on the Hammond, Ind. rail carrier and to reinforce our bond as Teamster Rail Conference members.

As the two lone rail Unions affiliated with the IBT, both the BMWED and BLE-T are seeking all opportunities to come together and reinforce our commitment to each other as cooperating and collaborative partners.

Around a dozen BMWED members joined an IHB meeting of 22 BLE-T members and committed our resolve to tackle upcoming bargaining rounds and legislative battles together as willing and dedicated allies.

We look forward to strengthening our bond as Teamster Rail Conference members as the months roll on and adding more muscle to our strategic partnership.

Solidarity!

# President's PERSPECTIVE

To date, the BMWED bargaining team has been actively engaging with any willing and serious Class I freight railroads ahead of the November moratorium.

Typically, National Bargaining rounds wait until the moratorium period has passed before negotiations commence. However, if both labor and the carriers agree, bargaining can begin ahead of that November deadline.

The BMWED team has met with several Class I freights so far, though no tentative agreements have been reached yet. The leadership is aware that members often feel frustrated by the prolonged pace of previous bargaining rounds, which have sometimes led to the expiration of existing collective bargaining agreements.

With this in mind, we are working diligently to accelerate the negotiation process.

As part of this effort, we have launched a new survey that builds on the more detailed and extensive 2023 bargaining survey. This current survey is designed to accurately assess the priorities of our membership.

If you haven't done so already, please take a moment to complete the survey, which was sent to the email address we have on file for you.

If you did not receive the link and personalized code for the survey or need to update your email address, please click this link:

# CHANGE COMING TO PHARMACY BENEFIT MANAGER NEXT YEAR FOR MEMBERS COVERED UNDER NATIONAL PLAN

Effective Jan. 1, 2025, BMWED members covered under the National Plan will have a new pharmacy benefit manager (PBM). Optum Rx will replace Express Scripts, Inc. All covered plan members, including eligible spouses and dependents, will automatically be enrolled.

The change in PBM vendors does not alter any other collectively bargained drug copays or coverage. There is no additional cost to members with this switch in vendor.

The agreement reached in 2022 included provisions for the National Carriers' Conference Committee (management) and the Cooperating Railway Labor Organizations (Unions) to jointly rebid health and welfare service providers. The aim is to ensure the highest quality benefits and top customer service for all members. The result of that provision is this change in vendor to Optum Rx.

No action is required at this time. You will receive additional information in the coming months, including new Optum Rx membership cards. Please make sure that both your employer and your Union have your current address on file to ensure you receive your new pharmacy benefit cards.

Express Scripts, Inc. will continue to serve as your PBM until the transition on Jan. 1, 2025.

# OSHA EXTENDS ITS RULE ON SANITARY RESTROOM FACILITIES TO INCLUDE RAIL WORKERS

he Occupational Safety and Health Administration (OSHA) has clarified that rail carrier management must provide sanitary bathroom options to track employees and/or roadway maintenance groups working along railroad tracks.

This official interpretation means that management must provide a port-a-john at long-duration work sites or set aside a vehicle for the sole purpose of transportation to a nearby restroom.

This is an important and long sought interpretation of an existing OSHA requirement (29 CFR 1910.141 that was held up by a bureaucratic question of which agency exercised statutory authority – OSHA or the Federal Railroad Administration (FRA).

Since the FRA has no regulations regarding sanitation requirements for railroad track employees, OSHA Acting Director of Enforcement Scott C. Ketcham declared OSHA within its scope to enforce its sanitation standards and regulations to rail workers.

"Thanks to the hard work and tireless dedication of BMWED Director of Safety Roy Morrison, we have secured the basic right to a clean and sanitary restroom facility at all job sites for our membership," BMWED President Tony D. Cardwell said. "This decision is a direct result of Brother Morrison sticking up for our members and continuing to push OSHA to consider the rule and its application to the rail industry. He cut through the red tape and was relentless in advocating for BMWED members and their rights on the job. For years the railroads have ignored common decency to extend bathroom facilities to their employees, but we have now obtained the basic and needed dignity of a clean restroom on the jobsite. This is a sterling example of what can happen by being a Union employee and exercising solidarity around an issue."

In addition, this OSHA interpretation includes the right to stop travel to and from the jobsite to use proper restroom facilities should they be needed without harassment or intimidation from a supervisor.

OSHA has stated that they will update internal training of their state and federal inspectors so that they are educated on this important interpretation and know to look for violations should they occur.

## Secretary-Treasurer's REPORT

**Dale Bogart** 

The Brotherhood's 2023 Fiscal Year ended March 31, 2024. I am pleased to announce that in the Fiscal Year Ending March 31, 2024 the Brotherhood's income, despite some unforeseen costs associated with legal issues we had with some bad carrier actors forcing us to litigate and what became some unforeseen legacy costs associated with the 2022 reorganization and others, finished the Fiscal Year strong with an income over expense surplus of \$264,734.43. This net positive did not provide any need for additional withdrawals from the General Fund Composite to cover our projected and unforeseen operating costs.

For the period of April 1, 2023 and March 31, 2024 (FY 2023), the Brotherhood saw our active membership (not including official retention fee payers) increase by 4.6% from projected membership during the same period. Of that 4.6% Membership increase, approximately 78% of the membership increase resulted in appropriate and necessary funding of Amtrak which for years has been historically handcuffed by shoestring chronic underfunding. The recent and continued commitments from the current administration and congress to finally and properly fund and upgrade Amtrak on the Northeast Corridor as well as the other geographical areas across the country where it operates has created what is hopefully a new era of America's commitment to passenger rail. It is with this hope that with the development of other passenger rail projects, including high-speed rail projects across the country (i.e., Brightline West, California High Speed Rail and hopefully and eventually the Texas Central) that this is a trend that will continue and provide additional opportunities and

security for current and future BMWED Members and their families.

The remaining 22% of the annual BMWED membership increase came from mostly the Class One Freights in addition to small additions in pockets on Regional Commuter and Short Line Operators. This remains an area where these groups are lagging and need to improve in terms of providing the necessary and adequate staff levels to meet their service commitments and common carrier obligations. While this is a step in the right direction, the Class Ones can and should certainly be doing more to improve their service, which again, starts with adequately staffing maintenance rolls and keeping scab contractors, who have no stake in their success, off the property. Upon getting agreements with 2 of our newest properties (G&W Railroad Engineering Services and the Florida Gulf and Atlantic Railway - both of which

**CONTINUED ON NEXT PAGE** 

#### CONTINUED FROM PREVIOUS PAGE

are currently in bargaining), we anticipate another increase of approximately 67 Members in the near future.

Current Active Membership (not counting Officials paying Retention Fees) as of June 30, 2024 is at 27,577 which is up 106 new members from May 2024 and showing an overall year over increase of 926 new members, or approximately 3.5% increase from the same time last year.

On the Investment side and during the last fiscal year of April 1, 2023 through March 31, 2024, all of the Brotherhood's Investment Funds remained on solid ground and saw annual growth. Specifically, the BMWED General Fund Composite grew at a rate of 3.7%, the BMWED Strike Fund Composite grew at a rate of 8.3% and the BMWED Pension Fund Composite grew at a rate of 11.2%. While the Pension Fund Composite has no new accruals thereto since being frozen in 2022, keeping this fund solvent and strong ensures that the Brotherhood upholds its promises and legal obligation in providing benefits for those who are vested in the plan upon and throughout their retirement as well as so long as it remains strong, it also ensures that less money being required paid from the Brotherhood over time needed to maintain its funding status under IRS Law.

More recently, and as of July 16, 2024, these funds remain in a strong position. The General Fund is at \$26,915,806 and year to date trending at a growth rate of 4.14%, the Strike Fund is at \$15,339,098 and year to date trending at a growth rate of 8.26% which is substantial as after two (2) years of being undervalued due to Market Conditions, it has finally climbed above \$15 million requirement as set forth in the Bylaws. Anything over the \$15 million cap, per the Bylaws is moved to the General Fund which by pooling overages from the Strike Fund into the General Fund, allows those monies to grow and attain more value faster, assuming market performance remains strong. The combined total of the BMWED Health Funds (which comprises of our Health Fund Composite and the Disability Fund Composite) is at \$4,113,666 and has grown on an average of 4% year to date collectively. Finally, the pension fund is at \$27,607,740 and has grown year to date so far at 8.72%.

In a perfect world it would be easy to say great, we had a surplus north of \$260,000 in Fiscal Year Ending March 31, 2024, so we can simply put that extra money in the General Fund to grow in values to build a proverbial war chest or replenish losses from the General Fund from the previous years of deficit spending. While as Treasurer and all of the National Division Officers and staff agree that would be great, and we certainly will continue to work for situations like that, the fact remains that large portions of that money is getting reinvested into the people that are responsible for our success and strong position as a Union, the Members.

For instance, for the current Fiscal Year ending March 31, 2025, an annual budget of \$16,332,967.00 was proposed and was approved by the National Division Executive Board on February 27, 2024. This budget was prepared based upon projected membership and dues revenue for the period covering April 1, 2024 through March 31, 2025. This proposed budget did see some increases in Departments such as the Education Department, in line with the National Division's commitment to the membership, to reinvest in the membership, with this year's focus being on the Local Lodge Officers, many of whom may be new to Local Lodge Office following the election cycle that concluded in 2023. The Education Department saw the largest increase year over year in funding by 228% from Fiscal Year 2023 to provide the four regional learning labs in 2024. Even with additional spending in Education and other areas, the Brotherhood has projected a small surplus of approximately \$31,131.00 for the Fiscal Year that ends March 31, 2025. As of May 31, 2024, the current Fiscal Year Budget remains in balance and is on pace to meet our projected targets.

**CONTINUED ON NEXT PAGE** 

#### CONTINUED FROM PREVIOUS PAGE

The National Division issued 2,814 membership dues refunds for a total of \$236,202.93 averaging \$83.94 per refund for the Fiscal Year that ended March 31, 2024. In the current fiscal year, through May 31, 2024, the National Division has issued 394 dues refunds for a total of \$42,816.18 averaging \$108.67 per refund.

The National Division issued only five (5) Death Benefit Payments for a total of \$2,500.00 for the Fiscal Year Ending March 31, 2024. In the current Fiscal Year, we have only processed one (1) for \$500.00.

In the Fiscal Year that ended March 31, 2024, the National Division had issued only \$2000.00 in Disaster Relief to our members. In the current Fiscal Year, we have issued thus far a total of \$21,000.00 in Disaster Relief to our members. The uptick in the current fiscal year is associated with the Relief Efforts approved by the National Division Executive Board for the recent wave of storms over the last couple of months that had ripped through parts of Nebraska, Oklahoma and Texas which included relief for much of the devastation caused by Hurricane Beryl in early July that affected thirty (30) BMWED Members and their families.

I would like to briefly provide an update on the current membership enrollment in the Teamsters DRIVE (Democratic, Republican, **Independent Voter Education) Political Action** Committee. DRIVE is a Political Action Committee that allocates voluntary payroll deductions to Political Action and Candidates that share and promote our interests as Rail Industry Employees. No Dues Monies are used for this purpose (as such is illegal), just those from Members who are enrolled into DRIVE. Of our 27,000 plus members, only about 900 BMWED Members are currently enrolled and contributing to our cause which is representative of only 3.26% of our membership contributing to this fund that supports those that stand with us in Washington DC as well as the Statehouses in all 50 states. Our ability to get meetings to encourage our representatives to support our issues unfortunately and in true American Fashion does

cost money. It becomes more difficult for our Union to continue to "fight above our weight" in DC and these Statehouses when only a little over 3% of the Membership is funding these initiatives on behalf of 100% of the membership who benefits from the legislation passed that enhances our livelihoods, or not passed when our representatives oppose it to protect us. There is basis or arguments that I have heard from some members I have spoken with about this that state that they do not provide or participate in this program because of the perception that we only support candidates or policies from one party (D, R, or I). This is a large misconception and is simply not true as we do not care what letter is next to the name, but what they are or have done for us to promote safety and our interests as rail industry employees. The Brotherhood DRIVE PAC supports Democrats, Republicans and Independents if they support **BMWED Member and Family interests, if they** do not, we do not support them or provide resources to them, period.

As this is a voluntary contribution from the employee, it is not something that this Union takes lightly when decisions are made in how and where to spend it. Having said that, many contributors to this Program have retired and we have not seen enrollment from newer members to replace those that have retired. This has put a strain on the fund and certainly a trend that if continues will hinder our ability to do the necessary business that we must continue in DC and the Statehouses. If you are not enrolled, I would ask and encourage you to contribute which you can to the tune of as little as \$5.00 per month which if every member of the Union was contributing that amount, it would be equal to just over \$1.6 Million on annual basis that can go a long way in Washington DC and Statehouses to promote our initiatives that benefit and protect our livelihoods and the welfare of our families. You can get more information about DRIVE enrollment by scanning the QR Code provided here.

### Burnor CONVENTION

BMWED Burlington Northern System Federation Joint Protective Board delegates re-elected General Chairman John Mozinski at its 13th Regular Meeting May 28 through 30 in Polson, Montana.

The Joint Protective Board consists of Local Chairpersons elected from each of the BURNOR's 29 Local Lodges throughout the system. It meets every four years as prescribed by the system federation bylaws and together elects system officers. In addition to that prime responsibility, the JPB sets system federation policy and priorities, considers bylaw amendments, reviews finances and expenses, among other important procedures.

Tother Troy Durham was around ten miles from the hotel in northwest Minneapolis, nearing the end of a three-plus hour drive from his house in Fargo, when a red light dreadfully lit up on the dash of his 1985 Cadillac.

It's always distressing when a road trip results in engine problems, but Brother Troy was able to sputter the classic automobile into the parking lot where this week's BMWED Learning Lab was set to begin the next day.

Following the first day of courses and some initial introductions and fellowship, many of the day's participants gathered after dinner in the hotel's parking lot. It was then that Brother Troy shared with his BMWED brothers that his eye-catching antique Cadillac had some issues under the hood.

Brother Nick Gaynor, Local Lodge 320 vice president, was among the group gathered for some extra camaraderie. Hearing about the car and knowing he is pretty handy with a wrench, Brother Nick leaned on his close connection and significant at-cost relationship with the owner of his NAPA auto parts store back home in Solon Springs, Wisc.

A phone call later and the Brothers were in business. A quick diagnosis pointed to a seized-up air conditioning compressor which had in turn thrown out all the belts. With a bit of help and encouragement from the other

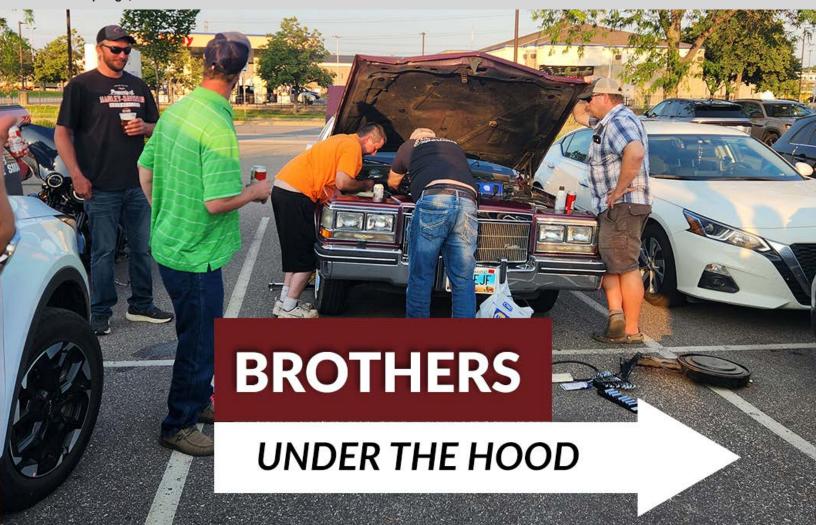

Brothers gathered around the hood, Brother Nick was able to replace all the belts on the Cadillac and get her to purr again.

Thanks to his NAPA connection back home, Brother Nick not only got Brother Troy's car back up and running but saved him \$400 on the parts.

"We had fun!" Brother Nick said. "It was a great evening helping out and working on the car. Everyone gathered around. The vibes were awesome."

Brother Troy was thankful for all the help.

"It was just awesome for me to see all these guys come over and help me out," he said. "We were working on the car, having a few beers, Brother Joe Letizia (WSCD General Chairman) broke out his guitar and was playing tunes. It was great."

#### OBJECTION PROCEDURES FOR EXPENDITURES NOT GERMANE TO COLLECTIVE BARGAINING

represented by the Brotherhood, and who has elected to become an agency fee payer may become an objector to expenditures not related to collective bargaining, contract administration, or other chargeable expenditures. An agency fee payer, who elects to become an objector through these procedures, shall pay a fee calculated in accordance with Section 5 of this Policy.

Sec. 2. To become an objector, an employee represented by the Brotherhood, shall notify the National Division Secretary-Treasurer of his or her objection in a separate envelope by certified mail postmarked during the month of March each year. An employee who desires to object but is unable to make a timely objection because he or she is not subject to a Union Shop Agreement in March must make an objection within thirty (30) days after becoming subject to Union Shop obligations and receiving notice of these procedures. The objection shall be signed and shall contain the objector's current home address and the Subordinate Lodge number, if known. The objector shall keep the Brotherhood informed of any change in address. Objections may only be made by individual employs; no petition objections will be honored.

Sec. 3. The following categories are examples of chargeable expenditures to the extent permitted by law:

- a. All expenses concerning the negotiation of agreements, practices and working conditions;
- b. All expenses concerning the administration of agreements, practices and working conditions, including grievance handling, all activities related to arbitration, and discussion with employs in the bargaining unit or employer representatives regarding working conditions, benefits and contract rights:
- c. Convention expenses and other normal union internal governance and management expenses;
- d. Social activities and union business meeting expenses;
- e. Publication expenses to the extent coverage is related to chargeable activities;
- f. Litigation expenses related to contract administration, collective bargaining rights and internal governance;
- g. Expenses for legislative and administrative agency activities closely related to the negotiation of administration of contracts and working conditions;
- h. All expenses for the education and training of members, Officers and staff intended to prepare the participants to better perform chargeable activities;
- All strike fund expenditures and other costs of group cohesion and economic action, e.g., demonstrations, general strike activity, informational picketing and the like;
- j. A proportional portion of all overhead and administrative expenses.

Sec. 4. In the first quarter of each year, the Brotherhood shall publish these policies and procedures in the Journal to provide notice to employs represented by the Brotherhood of their right to object and the procedures for objecting. The Brotherhood shall also send a copy of these policies and procedures to each person who objected the previous year to inform the person of his or her right to renew the objection for the current year.

Sec. 5. The Brotherhood shall retain a neutral auditor to perform an independent audit of the records of the Brotherhood and to submit an annual report for the purpose of determining the percentage of expenditures that fall within the categories specified in Section 3. The amount of the expenditures during the previous fiscal year that fall within Section 3 shall be the basis for calculating the reduced dues or fees and assessments that must be paid by the objector for the current fiscal year.

Sec. 6. The neutral auditor shall complete the report for each fiscal year. This report shall include an analysis of the major categories of union expenses attributable to chargeable and non-chargeable activities. A copy of the neutral auditor's report shall be sent to each person who made an objection in the current previous year.

Sec. 7. Each person entitled to receive the audit report may challenge the legal and arithmetic bases of the calculations in the neutral auditor's report by filing an appeal with the National Division Secretary-Treasurer. Such appeal must be made by sending a signed letter to the Secretary-Treasurer postmarked no later than thirty (30) days after the date that the audit report was mailed.

Sec. 8. All appeals received by the union within the time limits specified above shall be determined by expeditious referral to an impartial arbitrator chosen through the rules of the American Arbitration Association (AAA) for the impartial determination of union fees. The Brotherhood shall notify the AAA that challenges to the calculation of its fees and assessments have been received from one or more persons and include the names and addresses of the persons who filed the appeals and who must be notified of the proceedings. Thereupon, in accordance with its rules, the AAA will appoint an arbitrator and notify the Brotherhood and the challenger. In addition, the following rules shall apply:

a. All appeals shall be consolidated and heard as soon as the AAA can schedule the arbitration and shall be at a location selected by the AAA to be the most convenient for those involved in the proceeding.

b. Each party to the arbitration shall bear its, or their own, costs. The challengers shall have the option of paying a pro rata portion of the arbitrator's fees and expenses. The balance of such fees and expenses shall be paid by the Brotherhood.

c. Challengers may, at their expense, be represented by counsel or another representative of their choice. Challengers need not appear at the hearing and shall be permitted to file written statements with the arbitrator instead of appearing. Such statements shall be filed no later than the beginning of the hearing before the arbitrator. Post-hearing statements may be filed in accordance with the provisions of Section 8(g).

d. Fourteen (14) days prior to the start of the arbitration, challengers shall be provided with copies of all exhibits or a list of all such exhibits intended to be introduced at the arbitration by the Brotherhood and a list of all witnesses the Brotherhood intends to call, except for exhibits and witnesses the Brotherhood may introduce for rebuttal. When a list of exhibits has been provided, any challenger shall have a right to receive copies of such exhibits by making a written request for them to the National Division Secretary-Treasurer. Additionally, copies of all exhibits shall be available for inspection and copying at the hearing.

e. A court reporter shall make a transcript of all proceedings before the arbitrator. This transcript shall be the official record of the proceedings and may be purchased by the challengers. If challengers do not purchase a copy of the transcript, a copy shall be available for inspection by challengers at the National Division during normal business hours.

f. The arbitrator shall have control over all procedural matters affecting the arbitration in order to fulfill the dual needs of an informed and expeditious arbitration. The arbitrator shall set forth in the decision the legal and arithmetic bases for the decision, giving full consideration to the legal requirements limiting the amount that objectors may be charged.

g. The parties to the arbitration shall have the right to file a post-hearing statement within fifteen (15) days after both parties have completed submission of their cases at the hearing. Such statements may not introduce new evidence or discuss evidence not introduced in the arbitration. The arbitrator shall issue a decision within forty-five (45) days after the final date for submission of post-hearing statements or within such other reasonable period as is consistent with the AAA rules and the requirements of law.

h. The decision of the arbitrator shall be final and binding on all findings of fact supported by substantial evidence on the record considered as a whole and on other findings legally permitted to be binding on all parties.

i. Upon receipt of the arbitrator's award, any adjustment in favor of the challenger will be made from the Union escrow account. Any adjustments in favor of the union shall be due and owing within thirty (30) days. An individual failing to pay any adjustments in full within the prescribed thirty-day period will be considered as being in non-compliance with provisions of the Union Shop Agreement.

Sec. 9. The National Division Officers will have the authority to amend this policy, as it deems appropriate.

Sec. 10. The provisions of this procedure shall be considered legally separable. Should any provision or portion be held contrary to law by a court of an arbitrator, the remaining provisions or portions thereof shall continue to be legally effective and binding.
