BROTHERHOOD OF MAINTENANCE OF WAY EMPLOYES DIVISION of the International Brotherhood of Teamsters

Volume 8 • Number 12

www.bmwe.org

2023

The Premier Provider of Wage **Loss Protection to Maintenance** of Way Crafts since 1923.

The best coverage and member benefits at the lowest rates in the industry!

- 20% discount when you pay annually.
- 10% discount when you pay semiannually.
- \$100 cash reward for referring a co-worker!
- Our new No. 365 policy gives you 365 days of coverage immediately. No waiting.
- Accidental death coverage on and off the job, for you and your beneficiary at no extra charge.*
- Generous Loyalty Appreciation program awards you with tax-free cash back at retirement.

LECMPA wishes our brothers and sisters at the BMWED a very Merry Christmas and Happy New Year!

800.514.0010 | underwriting@lecmpa.org | lecmpa.org

USD 0377

BMWED Unified System Division Local Lodge 0377 displayed strong solidarity at their lodge meeting in the Chicagoland area. Local 0377 members conducted the business of their lodge and celebrated the retirement of Brothers Beto Ayala and Larry Fairchild. Congratulations on a well-deserved retirement!

ATSFF 0745

A successful AT&SFF Local Lodge Meeting, with Assistant General Chairman Everett Pitcock overseeing the Local Elections. Congratulations Brothers!

ARSF 1081

Great turnout at the American Rail System Federation Lodge 1081 meeting. Thank you for being involved and engaged in our union! The core of our strength.

BURL 1142

BMWED Burlington System Division Local Lodge 1142 conducted their lodge meeting and held Local Lodge Elections in November. Congratulations to Rick Teniente, Brad Riddle, Lori Teniente, and Dean Penfield on their elections. Thank you for pledging to accept the vital responsibilities of the lodge.

ARSF 1362

American Rail System Federation Lodge 1362 installation of new officers! Congratulations to all and thank you for stepping up to serve our collective Brotherhood.

UPRF 3012

50 Members STRONG showed up for the BMWED United Passenger Rail Federation Local 3012 meeting. The meeting was led by Lodge President Alicia Pekarski, where questions were fielded and lodge elections took place. SOLIDARITY.

UPRF 3082

Huge turnout for UPRF Local Lodge 3082 Meeting! Lodge 3082 is made up of BMWED members in Amtrak's Electric Traction department. Our members involved in Electric Traction (E.T.) maintain and repair the electrical systems throughout Amtrak's Northeast corridor as well as other MOW responsibilities. Workers in electric traction are essential to the functionality and safety of Amtrak's infrastructure. The Lodge conducted Local Lodge Elections and voted on a Local Legislative Representative.

UPRF 3014

Awesome turnout at the United Passenger Rail Federation Local Lodge 3014 meeting! 77 members in attendance, including several new hires. Our union's strength begins and ends with unity at the local lodge level. We are truly stronger together. Solidarity!

PAID PARENTAL LEAVE

Four of our most cherished Sisters on the United Passenger Rail Federation were recognized and bestowed honors for their major achievement of paid parental leave on Amtrak.

Brotherhood members on Amtrak ratified a contract that provides up to 10 weeks of paid parental leave. Chief among that successful drive were the four Sisters recognized by the Railroad Generational Gala this past November.

t was yet another week on the road for Brother Brandon Harris and the rest of the 21 members of BNSF's CG03 gang, working this Tuesday in Tulsa, Okla. on Halloween night, many once again apart from their own families on the spooky holiday.

But this one was "sweeter" for Brandon's three-year-old grandson, Killian, thanks to the kinship and kindness of the AT&SFF brotherhood, who sprung into action to provide the youngster with his very own "track or treat" romp around the hotel.

"Many of them canceled plans they had made that evening to do it," Brother Brandon said. "They ALL jumped at the chance. They went out and bought bags of candy on their own to hand out to him. They sent me their room numbers and we went door-to-door trick-or-treating with every member of the gang."

The diminutive blue skeleton romped around the floors where the gang was lodged for the night, cleaning up on candy. If for just one evening, it was an opportunity for everyone there to be festive and not miss out on the fun despite being far from home.

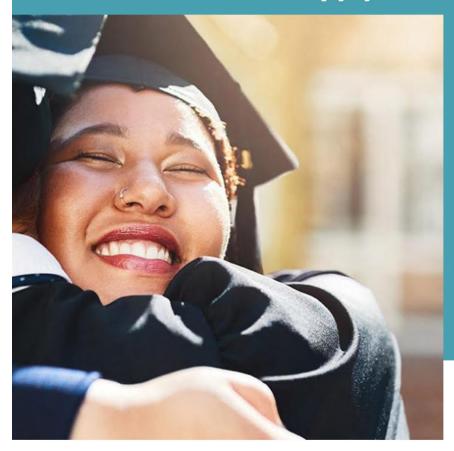

Killian's grandmother works from home, so she has the flexibility to occasionally visit her husband when he's out of town railroading. And this week that visit was special for everyone on the gang.

"It was a small gesture but it's those things that can mean way more than anything that happens on the tracks," Brother Brandon said. "The gang gained a nephew, and I gained new respect for a group of people I have worked with ALL year. The little blue skeleton had a memorable experience that he will never forget."

UNION PLUS SCHOLARSHIP

Over \$5.4 Million in Scholarships Awarded to Union Families

2024 - Apply Now!

2023 BMWED WINNERS

Linkon B. Snedeker - \$2,000 Rosie Rogers - \$750 Kaitlynn E. Ball - \$500 KeNysha J. Johnson -\$500

Application Deadline: January 31, 2024

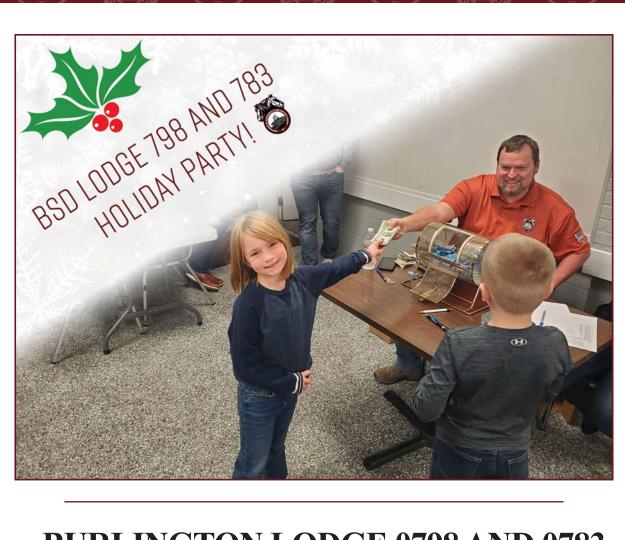

Union Plus scholarships available to BMWED members and family

Since 1991, the Union Plus Scholarship Program has awarded more than \$5.4 million to students of working families who want to begin or continue their post-secondary education. More than 3,800 families have benefited from our commitment to higher education.

BMWED members and family are eligible for the Union Plus Scholarship. Amounts range from \$500 to \$4,000. These one-time cash awards are for study beginning in the Fall of 2024. In 2023 BMWED had 4 winners totaling over \$3,500 in scholarship funds. Students may re-apply each year.

Please visit the link below for details and eligibility.

https://www.unionplus.org/benefits/education/union-plus-scholarships

BURLINGTON LODGE 0798 AND 0783 HOLIDAY PARTY

BMWED Burlington System Division Lodges 798 and 783 held their annual Christmas party. Members of the lodges and their families provided food and desserts. There was a 50/50 drawing to raise money for Toys for Tots. Brother Wally Foster's daughter Matti won the drawing, and in true holiday spirit, keenly decided to donate the money back to the charity. Well done, Matti! A great turnout with lots of members, retirees and their spouses.

A MESSAGE FROM FRA ADMINISTRATOR AMIT BOSE

November 15 marked the two-year anniversary of President Biden's Bipartisan Infrastructure Law, which is making unprecedented investments in our freight and passenger rail networks and the workers who make the railroads run. As Administrator of the Federal Railroad Administration, my team and I are implementing the infrastructure law's important rail safety improvements and its \$66 billion in rail investments, while also pursuing safety actions to help keep maintenance of way workers, other railroaders, and the public safe.

While rail safety has long been the priority for FRA and for workers like you who spend hours each day on the railroad, how the rail industry operates remains in the news and on the Nation's mind, and rightfully so. Each year, we experience an average of more than one derailment a day and too many railroad workers lose their lives on the job. FRA refuses to accept this moment as a time to defend the status quo. As FRA Administrator, I am fully committed to advocating for your safety, and, as the federal regulator, FRA has taken several actions to make rail safer.

This year, FRA has issued five safety advisories and seven bulletins to call attention to and recommend actions for addressing unsafe conditions. This includes a September 29 Safety Advisory that recommends railroads review, update, and communicate rules related to roadway maintenance machines, and conduct additional safety briefings to raise awareness of the hazards associated with working or operating these machines.

FRA also has an active Rail Safety Advisory Committee working group whose members dedicate their attention to the hazards roadway workers face and collaborate on proposed solutions. BMWE represents your voice on this working group and participates in the ongoing discussions.

At the same time, FRA has utilized our rulemaking authority to improve safety, issuing multiple Notices of Proposed Rulemaking, and the Biden Administration continues calling on the Class I railroads to provide workers with what so many of us take for granted: paid sick days. Getting proper rest to recover from an illness helps ensure workers can make safe and sound decisions when on the job. After much progress, nearly 90% of Class I freight workers have paid sick days, and I hope to see additional progress to ensure coverage for the remaining workers.

In addition to safety regulations and advisories, FRA is implementing President Biden's Bipartisan Infrastructure Law. Among its safety provisions, this includes FRA creating a process for rail workers, along with railroads and other groups, to participate in FRA accident and incident investigations, bringing your frontline perspectives and expertise to this critical work.

Our agency is also directly funding projects to make rail safer for people working on, living near, and travelling along railroad tracks. This includes awarding \$1.4 billion in Consolidated Rail Infrastructure and Safety Improvement (CRISI) grants for 70 projects that improve the safety, efficiency, or reliability of rail. These grants are investments in our infrastructure and the workers who will make these projects a reality. FRA also awarded over \$570 million in Railroad Crossing Elimination grants for another 63 projects nationwide to prevent deadly collisions with cars and pedestrians.

President Biden's Bipartisan Infrastructure Law also makes funding available for advancing traditional and high-speed passenger rail projects across the country. This month, FRA announced \$16.4 billion in funding for 25 passenger projects along the Northeast Corridor. These projects will replace or upgrade major bridges and tunnels, and improve tracks, power systems, signals, stations, and more. In the weeks ahead, FRA plans to announce billions more for projects outside the Northeast Corridor that improve, expand, or create passenger rail service.

In total, FRA has advanced nearly 160 projects nationwide since the President signed the Bipartisan Infrastructure Law two years ago. Billions more in federal funding and additional freight and passenger rail projects are still to come. Your work on these projects—work that is critical to improving the safety, efficiency, reliability, and sustainability of the Nation's rail network—will prove as important as ever.

You can be assured that you will have FRA's backing as we embark on projects that will generate and support good-paying, union jobs, strengthen the existing workforce, and greatly benefit the daily lives of Americans across the country.

We are looking to BMWED's continued leadership in that process and to ensure the safety of workers like you remains a priority.

There is more work to do, and FRA will continue to use every resource we have to advance safety and invest in building the modern rail network Americans want and deserve. This is a moment to commit to results, and I look forward to continuing FRA's work with ALL of you into 2024 and beyond.

Amit Bose, FRA Administrator

PAID SICK LEAVE FOR RAILROAD WORKERS NOW!

Nov. 15, BMWED members his Indiana Harbor Belt (ASF) and Canadian National (WCSD) demonstrated outside those respective offices in Hammond, Ind. and Homewood, Management on properties both still refuse to provide paid time off for unexpected illness. In the case of CN, they remain insistent on tying stipulations that would penalize its use, punitive conditions that our membership can't accept. On IHB, they remain intractable as well, shamelessly crying poor hoping no one will mention that they are jointly-owned by profitable Class I operators Conrail and CPKCS.

Since the conclusion of the last National Freight Bargaining round over a year ago, rail labor has achieved paid sick leave on roughly 80 percent of the carriers. BMWED members have led that charge. Through a campaign that has exposed the greed of the carriers and completely embarrassed them in the court of public opinion, many finally saw the light.

There remain disgraceful outliers though. CN and IHB are two. There are additional

as well. We'll be visiting them soon enough should they continue their obstinance. New Orleans Public Belt and St. Louis Terminal Railroad are two that are on our radar and members on those properties should remain prepared to engage in rallies on those properties in the very immediate future.

smaller roads that haven't escaped our notice,

Nothing comes easily in this industry. Archaic rail management struggles to adapt to these times. We don't live in the robber baron days any longer, no matter how indignant they continue to operate. But we remain strong and confident in this fight. The Brotherhood is united and empowered, feeding off the recent resurgence of organized labor, determined to rectify railroading and bring respect and dignity to the workers who keep the industry strong and profitable.

This week was an encouraging and important flex of that muscle. We are proud to stand with our members on the ASF and WCSD and we will prevail. Paid Sick Leave without Penalty Now!

JAMES R. HOFFA MEMORIAL SCHOLARSHIP AVAILABLE TO BMWED MEMBERS AND DEPENDANTS

APPLY NOW for a James R. Hoffa Memorial Scholarship!

The application system is now open and can be accessed at: https://aim.applyists.net/JRHMSF.

Eligible students must be: high school seniors in the U.S. or Canada who arethe sons, daughters or financial dependents of Teamster members (including members of the BLET, BMWED and TCRC).

Scholarships range from \$1,000 to \$10,000 for Academic and \$500 to \$2,000 for Vocational. The deadline for completing the application process is March 1, 2024. Additional information can be found here:

https://www.jrhmsf.org/index.cfm?zone=/unionactive/view_article.cfm&HomeID=912863

GRIEVING FMLA-RELATED DISCIPLINE

2023 BMWED FMLA School December 13, 2023

Presented by The University of Iowa Labor Center

BMWED OFFICERS HONE THEIR SKILLS IN NAVIGATING OUR FMLA RIGHTS!

Officers from around our union gathered in an online workshop this Dec. 12 and 13 to develop their skills in understanding the rights our members have under the Family and Medical Leave Act (FMLA). FMLA provides employees with a legal right to jobprotected, unpaid leave for qualified medical and family reasons. Employees who meet the eligibility requirements can use up to 12 weeks of FMLA leave to care for themselves, provide care to children or incapacitated family members, have time to bond and care for a newborn child, and support a family member in military service. FMLA offers employees a path to take intermittent leave to care for chronic conditions, block leave to heal and recover from treatment, or other options that fit their treatment plan. While using FMLA, an employee's healthcare coverage is continued, and they are protected against suffering a harmful change in their employment condition upon return to work.

Our members work within collective bargaining agreements that provide medical leave. Understanding how these rights interact with FMLA and other statutes helps our members and officers identify where railroads may not be providing the full

range of benefits and options to which we are entitled under law.

BMWED officers from 7 of our System Divisions and Federations, as well as our National Division, took part in this 2-day training session, conducted jointly by the Education Department and Dr. Paul Iversen of the University of Iowa's Labor Center. Training took place over Zoom and included discussion, case studies, exercises, and readings to help our officers recognize how FMLA protects worker and family rights.

As Brother Narciso Acosta, Vice Chairman of the Unified System Division, said, "There was so much I didn't know about the FMLA now feel I am better equipped to handle a case if one comes to me."

Your BMWED Education Department will look for further development opportunities to sharpen our skills and offer us all more tools to build a stronger union. Where we can engage experts from other organizations and universities, like the lowa Labor Center, we will do what we can to make their resources accessible for our members. You can learn more at https://www.bmwe.org/education.

MEMBERS OF THE BMWED BURLING TONSYSTEM DIVISION ON CPKC RAILWAY'S SOO-MILW.

LINE RATIFY NEW COLLECTIVE BARGAINING AGREEMENT

embers of the Burlington System Division on CPKC Railway's Soo-Milw. Line have ratified a new collective bargaining agreement.

The BSD members on the Soo-Milw. were extremely engaged throughout the process and that diligence has led to significant improvements to the contract. Especially noteworthy was the voter turnout during the ratification process, which topped 80 percent.

"During this round of voting the CP membership turned out in unprecedented numbers with an 82 percent voter turnout, this truly shows their engagement in this process and that they are indeed paying attention," BSD General Chairman George Loveland said. "With this 3-year contract the CP Members will receive a 15.5 percent wage increase with significant improvements in travel expenses with no concessions on their part."

Reaching a new contract is a significant victory, but Brother Loveland wants to encourage the Soo-Milw. members to continue their impressive engagement to press for further achievements on the property.

"It has been an uphill battle with CP to get to this point but the membership's perseverance and insistence on getting a fair contract got us to this point without having to give up their work rules to get what they deserve," Brother Loveland said. "This victory is short lived because in a year or less we will be back at the bargaining table starting all over again. In the interim, we plan on engaging CPKC to hopefully get some further agreements accomplished, such as sick leave and CDL deals. That would help greatly in speeding up the next round when we once again start bargaining over wages."

...with an 82 percent voter turnout, this truly shows their engagement in this process and that they are indeed paying attention...
With this 3-year contract the CP Members will receive a 15.5 percent wage increase with significant improvements in travel expenses with no concessions on their part.

The Brotherhood is saddened to learn that Brother Darrell L. McGuire passed away this morning from complications from a heart attack. He was just 57 years old.

Brother McGuire was a longtime officer in the old Illinois Central Gulf Federation, serving most recently as the Vice Chairman/Secretary-Treasurer for over ten years. Working alongside now-retired General Chairman Hayward Granier, Brother McGuire was a longtime advocate in Union matters for the BMWED.

Prior to his election to Union office, Brother McGuire started his railroading career as a trackman on a Canadian National South tie gang on Jan. 7, 1997. He transferred to CN North on Oct. 19, 1998 (BMWED Local Lodge 17) where he remained until his election to system federation office.

Upon the ICGF merger to the Unified System Division, Brother McGuire joined the officer corps of the USD as a Vice Chairman. At the time of his heart attack, Brother McGuire returned to CN North, running the tamper on a tie gang since January of this year.

"My heart is heavy today with the news of Brother McGuire's passing," BMWED President Tony D. Cardwell said. "Brother McGuire was a close friend and a great Union representative. He helped my family in a time of need and did the same for so many other people. I am praying for his family. I will miss him."

Brother McGuire leaves behind his wife, Michelle, and three sons, Matthew, 28, Cody, 27, and Mason, 10.

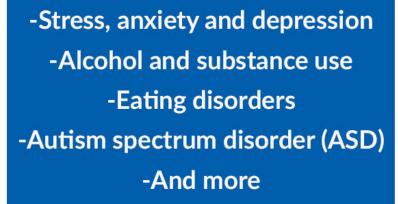

Resources to Help Children Feel Their Best

As part of The National Railroad Plans – Health & Welfare Benefits, you and your covered family members have access to United Behavioral Health, whether you're enrolled in an Aetna, Highmark or UnitedHealthcare medical plan. Your benefits include a network of behavioral health clinicians who offer confidential care for:

Call 1-866-850-6212 anytime for 24/7 immediate support or use Teladoc to connect virtually with a behavior health provider.

Teladoc.

MWED members covered under the National Health and Welfare Plan will see no change to their monthly contribution rate for insurance coverage.

Members from the Cooperating Railway Labor Organization (in which the BMWED is a part) and the National Carriers' Conference Committee reviewed the rates with officials from United Healthcare this week as part of an annual review. The cost-share cap will remain at 15 percent for members resulting in no increase. The benefits will remain the same for the entirety of 2024.

As part of Presidential Emergency Board 250, the yearly \$1,000 lump sum to each member as recommended and adopted was intended to offset any potential increase to monthly contributions. Seeing no increase this upcoming year to the cost-sharing, that money is now effectively a bonus.

"This is great news for our members as we near the end of the year and approach the holiday season," BMWED President Tony D. Cardwell said.

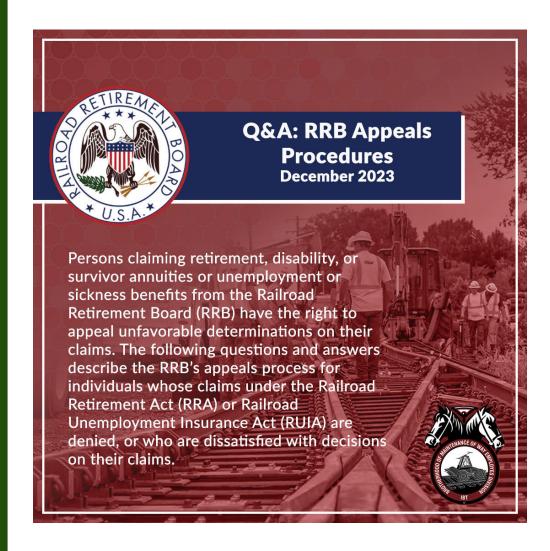

Insurance Premiums for BMWED Members under the National Health and Welfare Plan will Remain the Same in 2024

"Unionized railroaders in all crafts, including our members in the BMWED, can now count on stable monthly rates in their health insurance benefits with the knowledge that there will be no increase in their personal expense. This is a good development for all railroaders."

The current monthly cost-sharing expense for BMWED members covered under the National Plan is \$309.21.

RRB Appeals Procedures

Persons claiming retirement, disability, or survivor annuities or unemployment or sickness benefits from the Railroad Retirement Board (RRB) have the right to appeal unfavorable determinations on their claims. The following questions and answers describe the RRB's appeals process for individuals whose claims under the Railroad Retirement Act (RRA) or Railroad Unemployment Insurance Act (RUIA) are denied, or who are dissatisfied with decisions on their claims.

1. How do individuals request review of unfavorable claim decisions and what are the time limits?

The RRB has a three-stage review and appeals process for all claims under the RRA and the RUIA.

Individuals dissatisfied with the RRB's initial decision on a claim have 60 days from the mailing date of the decision notice to request review by the agency's reconsideration section. While requests **must** be in writing, they do not have to be submitted via a specific RRB form and should be mailed or faxed to the individual's local RRB field office or the reconsideration section at RRB headquarters at 844 North Rush Street, Chicago, Illinois 60611-1275. Requesting review from the RRB's reconsideration section is **mandatory** before an appeal may be filed with the RRB's Bureau of Hearings and Appeals.

In cases involving RRA annuity overpayments, individuals have the right to request waiver of overpayment recovery by the RRB, in addition to reconsideration of the overpayment decision. If currently entitled to a railroad retirement annuity, they may also elect to have a personal conference as part of that request.

As for RUIA benefit overpayments, claimants may request waiver of overpayment recovery if the benefit overpayment is more than 10 times the maximum daily benefit rate.

While review of an overpayment must be requested within the legal timeframes, a request for a waiver may be made any time. However, for overpayment recovery to be deferred while a waiver request is pending, the waiver request must be in writing **and** filed within 60 days from the date on which the overpayment notice was mailed. A request for waiver received after 60 days will be considered but will **not** defer collection of the overpayment, and any portion of the overpayment recovered prior to the date on which the waiver request is filed will **not** be subject to waiver.

2. What are the second and third stages of the appeals process and their time limits?

If dissatisfied with the reconsideration or waiver decision on a retirement, disability, survivor, unemployment or sickness claim, individuals may appeal to the RRB's Bureau of Hearings and Appeals (H&A), which is independent of the units responsible for initial and reconsideration decisions. Appellants have 60 days from the mailing date of the reconsideration or waiver decision notice to file an appeal. The appeal **must** be filed using RRB *Form HA-1*, which may be obtained from the RRB's website, **RRB.gov**, or an agency field office, and submitted to H&A by mail, fax, or email. If necessary, H&A may further investigate the appeal and obtain pertinent information from RRB field representatives, designated medical examiners, and others. When the appeal involves a question of fact, an appellant has the right to an oral hearing before a hearings officer. Most oral hearings are conducted by video conferencing or telephone. In-person hearings are generally held at the appellant's local RRB field office or another location as designated by the hearings officer.

Appellants who are dissatisfied with H&A's decision may further appeal to the RRB's three-member Board, which heads the agency, within 60 days from the mailing date of H&A's decision. This appeal **must** be filed using RRB *Form HA-1*, which, as stated above, may be obtained from the RRB's website, RRB.gov, or an agency field office, and submitted to H&A. Appellants should note that the three-member Board ordinarily will not accept additional evidence or conduct a hearing regarding the applicable matter.

3. What criteria is applied to waiver requests of retirement, disability, or survivor annuity overpayments and unemployment or sickness benefit overpayments?

An obligation to repay any erroneous annuity or benefit payments may be waived **only** if the following conditions are met: the person was not at fault in causing the overpayment; **and** recovery of the overpayment would render that person unable to meet ordinary and necessary living expenses, or overpayment recovery would be "against equity or good conscience." RRB regulations define against equity or good conscience as meaning that claimants have, by reliance on the payments, or on notice that payments would be made, relinquished a significant and valuable right or changed their position to their substantial detriment.

Additionally, in cases involving unemployment or sickness benefits, the overpayment **must** be more than 10 times the current maximum daily benefit rate (\$87 in the benefit year beginning July 1, 2023).

Persons requesting waiver may be asked to complete a financial statement form provided by the RRB.

4. What happens if a person's appeal is not filed within the prescribed time limit?

Failing to request reconsideration or to file an appeal within the prescribed time limit forfeits further appeal rights unless there is good cause for the delay. Examples of good cause include: serious illness; a death or serious illness in the appellant's immediate family; destruction of important or relevant records; failure to be notified of a decision; an unusual or unavoidable circumstance which demonstrated that the appellant could not have known of the need for timely filing or which prevented

timely filing; or the claimant thought that his or her representative had requested reconsideration or appeal. If good cause is not established, further appeal is forfeited except for contesting the determination that the reconsideration or appeal request was not filed timely.

5. Are there appeal options beyond the RRB?

Yes. Appellants dissatisfied with the three-member Board's final decision may file a petition with the appropriate U.S. Court of Appeals to review the Board's decision. In cases involving retirement, disability or survivor annuities, the petition for review must be filed within one year after the mailing date of the Board's decision. In cases involving claims for unemployment or sickness benefits, the petition for review must be filed within 90 days of the mailing date of the Board's decision.

6. Can railroad employers contest their employees' unemployment and sickness benefits claims?

Yes. A railroad employer who is a party to a claim for unemployment or sickness benefits may protest the payment of those benefits. However, such protests do not prevent timely payment of benefits. If the employer's protest is ultimately successful, a railroad employee may be required to repay benefits. The railroad employer also has the right to appeal an unfavorable decision to H&A.

7. Where can a person obtain the RRB forms required to appeal unfavorable decisions as well as assistance in completing them?

- Requests for reconsideration of an initial decision must be in writing, but do not have to be submitted via a specific form.
- The appropriate form for waiver of overpayment recovery is ordinarily enclosed with the overpayment notice mailed by the RRB.
- RRB Form HA-1, which must be used to file an appeal with H&A and the RRB's three-member Board, is available online at RRB.gov by clicking on the Resources tab and then selecting Appeals. It can also be obtained from any RRB field office or the RRB's Bureau of Hearings and Appeals, 844 North Rush Street, Chicago, Illinois 60611-1275.

Individuals with questions about the RRB's appeals procedures or requiring assistance with the appeals process can call an RRB field office toll-free at 1-877-772-5772. Agency field offices also offer in-person service. While persons seeking in-office assistance are encouraged to schedule an appointment with their local field office by calling the agency's toll-free number, individuals without appointments will not be refused service. However, those without an appointment may be asked to schedule an appointment for a later time if there is no immediate availability. Individuals should bring a photo ID when visiting a field office. Field office addresses can be found by clicking on the **Field Office Locator** tab at **RRB.gov** or by calling 1-877-772-5772. RRB field offices are generally open Monday through Friday from 9:00 a.m. to 3:00 p.m., except for Federal holidays.

President's PERSPECTIVE

t is well recognized that National Freight Bargaining within the framework of the RailwayLaborAct(RLA)can be exactly that --- laborious. The legislation was intended to be deliberative to prevent rash decisions from both the Unions and management alike. In that vein, it has succeeded.

Over the nearly 100 years since the passage of the RLA, it is indisputable that the law has aided in tampering down the labor strife that predated its adoption. This is not to say that it has eliminated labor frustration within the rail industry, but bargaining within the parameters set forth in the RLA has certainly cooled what once was a boiling hot relationship between the railroads and their workers.

But as society has progressed through the last century, immediacy and speed has become the norm. This is certainly no different for railroaders, including BMWED members. We live in a much faster world than in 1926, when the RLA was signed into law.

That said, our Brotherhood has heard the membership's frustration with the glacial pace of National Freight Negotiations and recognizes the need to reasonably accelerate future bargaining rounds as much as possible. Waiting five, six, seven, or even eight years for new contracts is justifiably maddening for our members and gives new meaning to the oft-repeated railroad phrase "hurry up and wait." Though this limbo has effectively become operating norm, we agree with those frustrated with the glacial pace and aim to

expedite this upcoming National Bargaining round. The hope if successful is a new strategy that could prove beneficial, most importantly to BMWED members, but also to the Class I freight railroads themselves.

With that in mind, we have inquired with several Class I carriers about interest in starting negotiations ahead of the moratorium. Perhaps you are unfamiliar with bargaining moratoriums, but they are not uncommon. As recommended by Presidential Emergency Board 250, the current moratorium is set to expire November 2024, almost a full calendar year away. Moratoriums are a period where neither side can force the other to engage in bargaining. Bargaining during moratoriums can only occur if both sides agree to engage.

If both parties agree to begin negotiations before the moratorium there is nothing within the RLA precluding it. Initial proposals from the BMWED toward the carriers indicated that they are considerate to the idea of early bargaining. This is not surprising as both our

union and the carriers have an interest in a timelier bargaining round.

Naturally, both the railroads and the Unions have issues they wish to address in the upcoming round. Though many of those pressing issues won't be settled overnight, starting the process will help get us to mutual solutions more quickly.

The last round boiled over in a very public way. We were not afraid of that fight and we did not back away from it. From a public relations standpoint, we won. The BMWED bruised the railroads and their reputations in a way that – frankly – embarrassed them. They have stated as such. And they have also relayed a reluctance to go through that public shaming again.

So, mindful of that, and with the added emphasis that our membership has tired of the belabored bargaining process that has become frustratingly commonplace, we are advocating for a jump start ahead of the moratorium. We feel that it can be accomplished without conceding any of our principles, would not be harmful to any of our demands, and quite honestly would be beneficial to both the BMWED and the Class I freights who customarily bargain together in the National Carriers Conference Committee.

Knowing that protracted bargaining rounds have become the norm, and understanding that an effort needs to be made to accelerate the process, we plan to commence bargaining with any and every Class I carrier willing to sit down and genuinely negotiate as soon as possible.

CALIFORNIA'S NEW HIGH SPEED RAIL SYSTEM WILL BE COMPLETELY OPERATED AND MAINTAINED BY UNION WORKERS

CALIFORNIA HIGH SPEED RAIL TRACK MAINTENANCE WILL BE PERFORMED BY BMWED MEMBERS

nadopted memorandum of understanding reached today ensures the maintenance, repair, and inspection of track for the new California High Speed Rail project will be performed by workers represented by the BMWED-IBT.

The California High-Speed Rail Authority (CHRSA) plans to construct commuter rail between Merced and Bakersfield, Calif., with further intentions to expand operations to link San Francisco to Anaheim.

Once the rail line is completed, those employed to maintain, inspect and repair the track will be covered under the Railway Labor Act to seek collective representation and the CHRSA will not impede organizational efforts between those employees and the BMWED.

The MOU reached not only ensures the maintenance of way employees with Union representation, but is all-encompassing, meaning that everyone hired on the commuter line in ALL crafts will be afforded with full Union recognition and the ability to negotiate contractual terms.

"This is a big win for BMWED and California High Speed Rail, with the hard work of everyone from members to officials in

ALL aspects of the project, we are ensured that the California High Speed rail line will operate using skilled, Union workers capable of the best and most knowledgeable rail expertise possible," BMWED Director of Government Affairs Jeff Joines said.

The MOU includes language that ensures any future "successor in interest" beyond the CHRSA to abide by the RLA and maintain employees' rights to representation that the act enshrines, committing that any operating entity

...with the hard work of everyone from members to officials in ALL aspects of the project, we are ensured that the California High Speed rail line will operate using skilled, Union workers capable of the best and most knowledgeable rail expertise possible.

used to perform any rail functions or traditional rail work will be or will become a covered employer under the Railroad Retirement Act of 1974 and the Railroad Unemployment Insurance Act.

"This is a significant and important achievement for these future railroaders and for the project's overall viability," BMWED President Tony D. Cardwell said. "It is valuable for the people of California that such vital work be performed by the upmost professionals of the railroading crafts. Men and women who hold the expertise to ensure quality work and have the rights and backing of their Unions to guarantee that the commuter line is successful, professional and provides contractual protections for the skilled laborers."

Secretary-Treasurer's REPORT

Dale Bogart

AS BMWED NATIONAL DIVISION ENTERS THE FINAL QUARTER OF OUR FISCAL YEAR (JANUARY 1, 2024- MARCH 31, 2024), THE FOLLOWING IS A TRANSPARENT OVERVIEW OF THE BROTHERHOOD'S FINANCES.

Revenue

From July 1, 2023, through December 6, 2023, the Brotherhood collected a total of \$13,656,490.87 in regular dues, retiree dues, and seniority retention fees (Fee Payers). Of that, \$4,858,237.24 was allocated to National Division Dues, \$8,417,886.38 was allocated for System Dues, and \$380,367.25 was allocated for Local Lodge Dues. Total Dues Refunds were \$131,973.75 covering 1,479 refunds averaging at \$89.23 per refund.

Investments

The balance of our funds and the performance of our investments as of December 15, 2023, are as follows:

- The BMWED General Fund is at \$25,738,381 with a year-to-date return of 4.83% and up from \$24,551,536 from 2022.
- The BMWED Pension Fund (frozen) is at \$25,641,223 with a year-to-date return of 6.90% and up from \$24,962,346 from 2022.
- The BMWED Strike Fund is at \$14,086,006 with a year-to-date return of 6.76% and up from \$13,201,263 from 2022.

- The BMWED Health Fund is at \$3,728,772 with a year-to-date return of 6.65% and up from \$2,541,896 in 2022.
- The BMWED Health and Disability Fund is at \$321,201 with a year-to-date return of 4.49% since being established earlier in 2023.

*While the above figures provide a positive outlook, these funds are fluid and subject to market adjustments, conditions, and changes.

Secretary-Treasurer Report

CONTINUED FROM PREVIOUS PAGE

Monthly Dues & Adjustments

In 2024 National Division dues will be adjusted to \$44.25 per month per member. This is up from \$40.25 per member per month in 2023. The basis of this adjustment is the increased average hourly straight-time rate calculated for 2022.

The current non-working rates for 2024 will be \$6.34 per month for Class I Dues (up \$.30 from 2023), \$5.89 for Class II Dues (up \$.19 from 2023), and \$5.14 for non-rail (up \$.23 from 2023).

The subject of dues is often unpopular; however, it is not a discussion that I am afraid to have because union dues are a necessary part of conducting business and meeting the Brotherhood's ability and obligation to represent the interests of our members. Just a few of these obligations include the administration of claims, grievances, and discipline proceedings, legal battles with the Carriers' regular abrogation of our agreements, and BMWED educational programs. Also, providing a safe workplace by holding the Carriers to their safety commitments is a never-ending battle. Another obligation is the overly burdensome government reporting requirements that have largely been the result of anti-union government policies of the past. To meet all our obligations and requirements efficiently and effectively, BMWED must be a well-oiled Organization that can stand against billion-dollar railroads and their army of lawyers, lobbyists, and Labor Relations personnel. Our organization must have committed Union Representatives and trained staff just like any other Organization, but that takes financial commitment in the form of dues.

Next, I would be remiss if I did not set the record straight with misinformation that dues increases consume all gains made in wages. While it is true that dues are tied to wages and

are adjusted annually, it is not even remotely accurate that dues increases consume wage increases. In fact, on one Class I, the increase in a Trackman's wages from 2019 to 2024 is \$6.81 per hour. During that same period, that same Trackman saw their dues increase by \$.13 per hour. This is a net gain of \$6.68 per hour even when dues increases have been calculated. While this is just a quick rundown of how wages and dues are related, it provides concrete facts that dues increases do not consume all wage gains. Indeed, it is not even close.

Budget

As stated in my report in the Spring Edition of the Journal, the National Division established a budget for the current fiscal year ending March 31, 2023, aimed at reducing the previous trend of deficit spending by 95%. Currently, we are seeing a 90% reduction. Unfortunately, unforeseen costs of legal services were required as were additional legacy costs associated with the 2022 reorganization. This Administration is committed to being smart with the memberships' money and protecting the trust that is empowered to us as financial stewards. At the same time, we will continue to take on any challenges from the Carriers or their Trade Associations that pose a threat to our members and their families' quality and way of life.

In closing, I wanted to give a special thanks to the membership. Not only would this Brotherhood not succeed without you, but the power and prosperity of our Nation and our supply chain would crumble. BMWED members are the foundation of passenger, commuter, and freight rail transportation in the United States, period, and bar none the best at what we do. Be Proud, Be BMWED!

Wishing you and those you love a blessed holiday and a happy and prosperous new year!

- Dale Bogart

Brotherhood of Maintenance of Way Employes IBT

OBJECTION PROCEDURES FOR EXPENDITURES NOT GERMANE TO COLLECTIVE BARGAINING

Sec. 1. An individual residing in the United States who is represented by the Brotherhood, and who has elected to become an agency fee payer may become an objector to expenditures not related to collective bargaining, contract administration, or other chargeable expenditures. An agency fee payer, who elects to become an objector through these procedures, shall pay a fee calculated in accordance with Section 5 of this Policy.

Sec. 2. To become an objector, an employee represented by the Brotherhood, shall notify the National Division Secretary-Treasurer of his or her objection in a separate envelope by certified mail postmarked during the month of March each year. An employee who desires to object but is unable to make a timely objection because he or she is not subject to a Union Shop Agreement in March must make an objection within thirty (30) days after becoming subject to Union Shop obligations and receiving notice of these procedures. The objection shall be signed and shall contain the objector's current home address and the Subordinate Lodge number, if known. The objector shall keep the Brotherhood informed of any change in address. Objections may only be made by individual employs; no petition objections will be honored.

- Sec. 3. The following categories are examples of chargeable expenditures to the extent permitted by law:
 - a. All expenses concerning the negotiation of agreements, practices and working conditions,
 - b. All expenses concerning the administration of agreements, practices and working conditions, including grievance handling, all activities related to arbitration, and discussion with employs in the bargaining unit or employer representatives regarding working conditions, benefits and contract rights;
 - c. Convention expenses and other normal union internal governance and management expenses;
 - d. Social activities and union business meeting expenses;
 - e. Publication expenses to the extent coverage is related to chargeable activities;
 - f. Litigation expenses related to contract administration, collective bargaining rights and internal governance;
 - g. Expenses for legislative and administrative agency activities closely related to the negotiation of administration of contracts and working conditions;
 - h. All expenses for the education and training of members, Officers and staff intended to prepare the participants to better perform chargeable activities;
 - All strike fund expenditures and other costs of group cohesion and economic action, e.g., demonstrations, general strike activity, informational picketing and the like;
 - j. A proportional portion of all overhead and administrative expenses.

Sec. 4. In the first quarter of each year, the Brotherhood shall publish these policies and procedures in the Journal to provide notice to employs represented by the Brotherhood of their right to object and the procedures for objecting. The Brotherhood shall also send a copy of these policies and procedures to each person who objected the previous year to inform the person of his or her right to renew the objection for the current year.

- Sec. 5. The Brotherhood shall retain a neutral auditor to perform an independent audit of the records of the Brotherhood and to submit an annual report for the purpose of determining the percentage of expenditures that fall within the categories specified in Section 3. The amount of the expenditures during the previous fiscal year that fall within Section 3 shall be the basis for calculating the reduced dues or fees and assessments that must be paid by the objector for the current fiscal year.
- Sec. 6. The neutral auditor shall complete the report for each fiscal year. This report shall include an analysis of the major categories of union expenses attributable to chargeable and non-chargeable activities. A copy of the neutral auditor's report shall be sent to each person who made an objection in the current previous year.
- Sec. 7. Each person entitled to receive the audit report may challenge the legal and arithmetic bases of the calculations in the neutral auditor's report by filing an appeal with the National Division Secretary-Treasurer. Such appeal must be made by sending a signed letter to the Secretary-Treasurer postmarked no later than thirty (30) days after the date that the audit report was mailed.
- Sec. 8. All appeals received by the union within the time limits specified above shall be determined by expeditious referral to an impartial arbitrator chosen through the rules of the American Arbitration Association (AAA) for the impartial determination of union fees. The Brotherhood shall notify the AAA that challenges to the calculation of its fees and assessments have been received from one or more persons and include the names and addresses of the persons who filed the appeals and who must be notified of the proceedings. Thereupon, in accordance with its rules, the PAAA will appoint an arbitrator and notify the Brotherhood and the challenger. In addition, the following rules shall apply:
 - a. All appeals shall be consolidated and heard as soon as the AAA can schedule the arbitration and shall be at a location selected by the AAA to be the most convenient for those involved in the proceeding.
 - b. Each party to the arbitration shall bear its, or their own, costs. The challengers shall have the option of paying a pro rata portion of the arbitrator's fees and expenses. The balance of such fees and expenses shall be paid by the Brotherhood.
 - c. Challengers may, at their expense, be represented by counsel or another representative of their choice. Challengers need not appear at the hearing and shall be permitted to file written statements with the arbitrator instead of appearing. Such statements shall be filed no later than the beginning of the hearing before the arbitrator. Post-hearing statements may be filed in accordance with the provisions of Section 8(g).

- d. Fourteen (14) days prior to the start of the arbitration, challengers shall be provided with copies of all exhibits or a list of all such exhibits intended to be introduced at the arbitration by the Brotherhood and a list of all witnesses the Brotherhood intends to call, except for exhibits and witnesses the Brotherhood may introduce for rebuttal. When a list of exhibits has been provided, any challenger shall have a right to receive copies of such exhibits by making a written request for them to the National Division Secretary-Treasurer. Additionally, copies of all exhibits shall be available for inspection and copying at the hearing.
- e. A court reporter shall make a transcript of all proceedings before the arbitrator. This transcript shall be the official record of the proceedings and may be purchased by the challengers. If challengers do not purchase a copy of the transcript, a copy shall be available for inspection by challengers at the National Division during normal business hours.
- f. The arbitrator shall have control over all procedural matters affecting the arbitration in order to fulfill the dual needs of an informed and expeditious arbitration. The arbitrator shall set forth in the decision the legal and arithmetic bases for the decision, giving full consideration to the legal requirements limiting the amount that objectors may be charged.
- g. The parties to the arbitration shall have the right to file a post-hearing statement within fifteen (15) days after both parties have completed submission of their cases at the hearing. Such statements may not introduce new evidence or discuss evidence not introduced in the arbitration. The arbitrator shall issue a decision within forty-five (45) days after the final date for submission of post-hearing statements or within such other reasonable period as is consistent with the AAA rules and the requirements of law.
- h. The decision of the arbitrator shall be final and binding on all findings of fact supported by substantial evidence on the record considered as a whole and on other findings legally permitted to be binding on all parties.
- i. Upon receipt of the arbitrator's award, any adjustment in favor of the challenger will be made from the Union escrow account. Any adjustments in favor of the union shall be due and owing within thirty (30) days. An individual failing to pay any adjustments in full within the prescribed thirty-day period will be considered as being in non-compliance with provisions of the Union Shop Agreement.
- Sec. 9. The National Division Officers will have the authority to amend this policy, as it deems appropriate.
- Sec. 10. The provisions of this procedure shall be considered legally separable. Should any provision or portion be held contrary to law by a court of an arbitrator, the remaining provisions or portions thereof shall continue to be legally effective and binding.
